Sounds good. I am going to start looking at the numbers we have obligated to have the numbers ready for 1:30.

Can we shoot for 1:30 PM?

I think we need to see what non-dedicated funds are remaining for TO5 and 6 and see what we think they will cover. There is \$64,479 remaining on TO5 and I believe only a small amount of funds with some play in it for TO6. See attached spreadsheet.

I have to review the TO7 SOW and I need to line out any additional tasks I need.

Dean, please let me know if you want to get together on a call and an idea when (morning or afternoon) to brainstorm options for possible RoR work.

I am generally in all day. have couple of little things to do and have a call with Lee.  
Thanks
